

ARENA PANTANAL – CUIABÁ

overzicht

WK Special 2014

Туре

Visitors to the geographical centre of South America will not only find cattle farms and light industry but also the Arena Pantanal. It was built in 2010, in Cuiabá, a city with a population of only 554,000 and hence the smallest playing venue. The stadium can accommodate almost 43,000 people but the modular structure allows for the upper parts to be dismantled such that the capacity will eventually be smaller.

<u>Facts:</u> Construction period: 2010 to 2014 Capacity: 42,968

4 matches: 4 group matches
